

# AIM 80

## 60 Gr/Hr Ozone Generator

Using our 30 years of experience in the ozone manufacturing industry, we designed the best value in the ozone generators on the market today. The AIM 80 is an industrial-grade generator designed using our patented "Cold Spark" corona discharge cells, exclusive to Ozotech products, for maximum performance.

The AIM 80 generator can be controlled manually or electronically by any 4-20 mA or 0-5 VDC control output from your ORP or ozone controller, is air cooled, and features a digital readout.

### ELECTRICAL:

- Low Frequency
- 115 or 230 VAC
- 50-60 Hz
- 415 Watts

### OZONE

- 60 Gr/Hr, variable output
- 2.75 production per day\*

\* Ozone production calculated @ 2% concentration by weight and 70 °F ambient temperature using oxygen feed gas.

### DIMENSIONS:

- 24"Wx36"Hx10"D
- Shipping Weight: 220 lbs.

### Perfect for the following applications:

- Water treatment
- Aquaculture
- Hydroponics
- Bottled water
- Commercial aquariums

U.S. PATENT PENDING

Power Supply approved and certified by:

AIM 80 - % BY WEIGHT  
 AIM 80 - GRAMS PER HOUR\*\*

\*\* To determine the ozone production rate in Pounds Per Day, multiply the Grams Per Hour value by 18.80
