

AIM 20

Ozone Generator

Using our 30 years of experience in the ozone manufacturing industry, we designed the best value in the ozone generators on the market today. The AIM 20 is an industrial-grade generator designed using our patented "Cold Spark" corona discharge cells, exclusive to Ozotech products, for maximum performance.

The AIM 20 generator can be controlled manually or electronically by any 4-20 mA or 0-5 VDC control output from your ORP or ozone controller.

ELECTRICAL:

Low Frequency
115 or 230 VAC
50-60 Hz
200 Watts

U.S. PATENT PENDING
Power Supply approved and certified by:

OZONE

.75 production per day*

* Ozone production calculated @ 2% concentration by weight and 70 °F ambient temperature using oxygen feed gas.

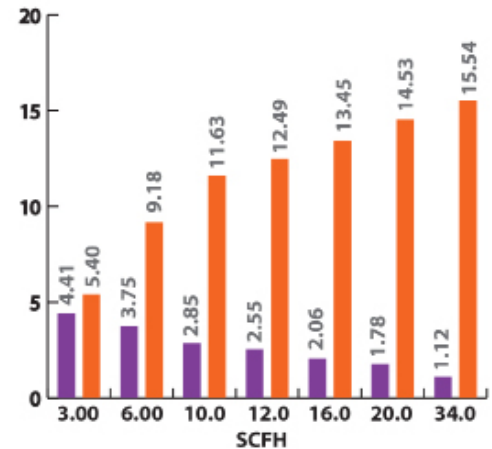

DIMENSIONS:

9"Wx27.5"Hx10"D
Shipping Weight: 50 lbs.

Perfect for the following applications:

- Water treatment
- Aquaculture
- Hydroponics
- Bottled water
- Commercial aquariums

WARNING: This product can expose you to chemicals, including mercury, which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.p65Warnings.ca.gov.

AIM 20 - % BY WEIGHT
AIM 20 - GRAMS PER HOUR**

** To determine the ozone production rate in Pounds Per Day, multiply the Grams Per Hour value by 18.80
