

AIM 40

30 Gr/Hr Ozone Generator

Using our 30 years of experience in the ozone manufacturing industry, we designed the best value in the ozone generators on the market today. The AIM 40 is an industrial-grade generator designed using our patented "Cold Spark" corona discharge cells, exclusive to Ozotech products, for maximum performance.

The AIM 40 generator can be controlled manually or electronically by any 4-20 mA or 0-5 VDC control output from your ORP or ozone controller, is air cooled, and features a digital readout.

ELECTRICAL:

Low Frequency
115 or 230 VAC
50-60 Hz
225 Watts

U.S. PATENT PENDING
Power Supply approved and
certified by:

OZONE

30 Gr/Hr, variable output
1.25 production per day*

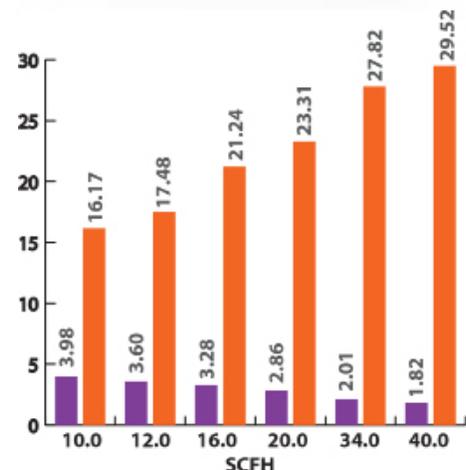

* Ozone production calculated @ 2% concentration by weight and 70 °F ambient temperature using oxygen feed gas.

DIMENSIONS:

24"Wx36"Hx10"D
Shipping Weight: 200 lbs.

Perfect for the following applications:

- Water treatment
- Aquaculture
- Hydroponics
- Bottled water
- Commercial aquariums

AIM 40 - % BY WEIGHT
AIM 40 - GRAMS PER HOUR**

** To determine the ozone production rate in Pounds Per Day, multiply the Grams Per Hour value by 18.80
