

# AIM 2 BTU & AIM 5 BTU Ozone Generators

BTU series ozone generators made up of AIM 2 BTU and AIM 5 BTU, have been engineered with an economic and high-quality foundation. Our tried and true cold-spark corona discharge technology has been redesigned into a smaller overall package with a handsome black powder coating for improved appearance. BTU system generators are easy to use and maintain. Each unit's superior reliability extends from the BTU generator's corrosion resistant chassis to its built-in air flow meters and safety interlock switches.

Systems are engineered for consistent ozone output. By using tubular technology, there are no plates or screens to clog up or short out making sure it's ready when you need it. Plus, the solid-state electronics are designed for optimum performance.

## APPLICATIONS:

- Water treatment
- Cooling towers
- Well water
- Swimming pools & spas
- Bottled water

## ELECTRICAL:

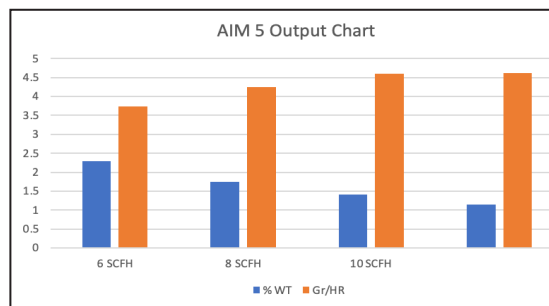

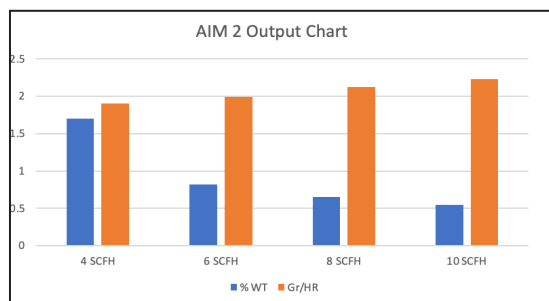

65 Watts  
115Vac, 50/60Hz or 230Vac 50/60 Hz

## OZONE OUTPUT:

Up to 4.62 grams per hour @ 10 SCFH

## DIMENSIONS:

9"W x 27.5" H x 10" D  
AIM 2 BTU & AIM 5 BTU Shipping Weight: 45 lbs.

SKU	Model	Voltage
30327	AIM 2 BTU	115 Vac
30327-01	AIM 2 BTU	230 Vac
30328	AIM 5 BTU	115 Vac
30328-01	AIM 5 BTU	230 Vac
