

# AIM PCS 200 Ozone Generator System

The Ozotech AIM PCS 200 presents an affordable and efficient solution tailored for chemical-free water treatment requirements, particularly targeting challenges associated with iron, manganese, foul tastes, and odors. This innovative system offers a cost-effective approach to addressing these common water quality issues, making it an attractive option for various applications.

With its advanced technology and robust design, the AIM PCS 200 is capable of effectively treating water streams of up to 10 gallons per minute (GPM) for low-level contaminants. This capacity makes it suitable for a wide range of residential, commercial, and industrial settings, where maintaining water quality is paramount.

## APPLICATIONS:

- POE water treatment
- Water vending machine
- RO storage tanks
- Spas
- Koi ponds
- Any low water flow application

## ELECTRICAL:

Power: 7.2 Watts

Operating Voltage: 100-240 Vac, 50/60 Hz regulated to 12 Vdc/2A

Current: 0.6 Amps

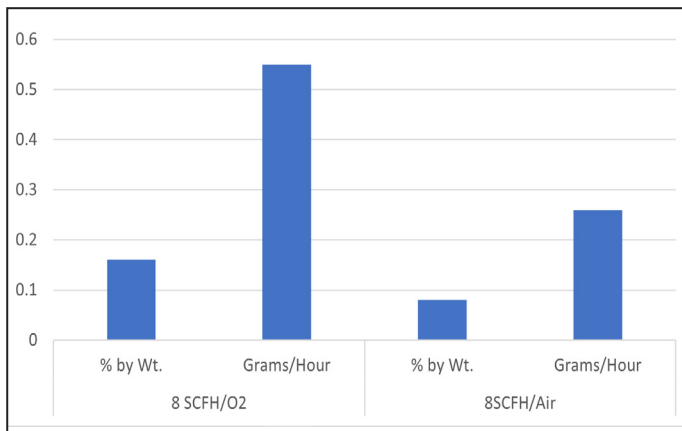

## OZONE OUTPUT:

220mg/hr.

## DIMENSIONS:

4.75" W x 7" H x 2" D

Shipping Weight: 5 lbs.
